About Me

- Computer Science student specializing in Data Science, focused on building modern web applications. Skilled in creating clean, interactive UIs using React and Next.js, with experience in real-world projects. Active technical writer with **7,000+ followers on Dev.to** and **30,000+ views**.

Skills

- **Languages:** JavaScript, Python, HTML, CSS
- **Frameworks:** React.js, Next.js
- **Tools:** Git, GitHub, Vercel, Figma
- **Concepts:** UI/UX, Responsive Design, API Integration

Projects

MIA AI Desktop Assistant

Built an AI desktop assistant with voice and gesture control using Python, FastAPI, and OpenCV, designed with a modular, scalable architecture.

Personal Portfolio Website

Built a responsive portfolio with Next.js, Tailwind CSS, and Framer Motion, featuring smooth animations, clean UI/UX, and optimized performance, deployed on Vercel.

AI + Full-Stack Web Applications

Developed scalable applications using React, Node.js, and AI API integrations, featuring dynamic data handling, reusable components, and interactive UI.

Education

SRM Institute of Science and Technology, Ghaziabad

2022 – 2027

B.Tech in Computer Science (Data Science) | CGPA: 7.2/10

India

Escorts World School

2022

Class XII (CBSE) | PCMB | 74.5%

India

Seth Anand Ram Jaipuria School

2020

Class X (CBSE) | MCP | 82.6%

India

Certifications

- Claude Code in Action Anthropic
- Introduction to Model Context Protocol Anthropic
- Software Architecture & System Design Foundations

Interests

AI development, playing guitar, trekking and hiking, reading novels, and blogging.
